

MURAT CAN BAŞKAN

OCEAN-GOING CHIEF ENGINEER

CURRENT POSITION

CHIEF ENGINEER

2025–2026

TURKISH-FLAGGED FLEET

- Leadership and operation of the engine department; coordination of the team, planned maintenance, fuel and lubricating-oil management, class surveys and flag inspections.
- BMMS (Maritime Engineering Knowledge System)**: developing a maritime-technology application that uses Paris MoU data, supported by PRU ARISTTO through pre-incubation and the Mentor Development and Training Programme, with incubation and landing stages planned next. The technical foundation is strengthened by the IMarEST MIMarEST and IMarEng professional titles.

SECOND ENGINEER

2024

YA-SA SHIPPING (YA-SA NEPTUNE) · ME-C

- Took delivery of a new-build ME-C vessel from the Chinese shipyard team and integrated her into the fleet.

SECOND ENGINEER

2023

NAKKAŞ SHIPPING (KATYA ATK)

- Improved the operation and condition of a Turkish-flagged vessel within the RightShip framework.

SECOND ENGINEER

2022

BEKS SHIPPING (M/V BEKS LEO)

- Took delivery of a 2012-built Capesize bulk carrier; coordinated the five-year dry-docking period, maintenance, certification, reporting and AMSA Port State preparation.

SECOND ENGINEER

2021

DENSAY GROUP (SSI PROVIDENCE) · ME-B

- On a new-build delivered from Hyundai shipyard in Japan: machinery handover, shipboard implementation of company ISM procedures, automation and PMS operations.

FOUNDER

2020

BSKN NET

- Founded a marine-software initiative; conducted market research, competitor analysis and product-positioning work for user-friendly maritime applications.

SECOND ENGINEER

2019–2020

LİDER GROUP (M/V FOREST PANAMA)

- Supported the vessel's entry into the Turkish merchant fleet, including handover procedures, document renewal and reconstruction of the ISM procedures.

SECOND ENGINEER

2019

M/V SAADET C

- Main-engine and crane-hydraulic maintenance on a geared bulk carrier with four deck cranes.

SECOND ENGINEER

2018

YA-SA SHIPPING (M/V SEA PIONEER)

- Performed main-engine maintenance within the planned-maintenance system.

MAINTENANCE ENGINEER

2017

KARPOWER · AYŞEGÜL SULTAN / OSMAN KHAN

- Planned maintenance, team leadership, spare-parts coordination and operation of floating power plants equipped with Wärtsilä V-type generator sets.

SECOND ENGINEER

2015–2016

DFDS · UN MARMARA / UN PENDİK / UN ATILIM

- Engine-room operation and manoeuvring experience on Ro-Ro vessels with twin four-stroke main engines and controllable-pitch propellers.

SECOND ENGINEER

2013–2014

DENSA SHIPPING · M/V DENSA SEA LION / DENSA LION

- Maintenance, repair and personnel-work management in the engine room and on deck.

SERVICE ENGINEER

2013

ALFA LAVAL

- Field service, maintenance and repair of marine auxiliary machinery and land-based equipment.

PROPELLER & SHAFT ENGINEER

2012

TGE SHIPYARD (GEMAK GROUP)

- Shaft maintenance on twin-screw controllable-pitch vessels; yard scheduling, team coordination and time planning.

THIRD ENGINEER

2011

DÜNYA SHIPPING (M/T GAN DIGNITY)

- Operation of advanced steam-turbine systems aboard a new-build vessel.

FOURTH ENGINEER

2008–2010

DİTAŞ SHIPPING · DİTAŞ / CUMHURİYET / T SEVGİ

- Operation of steam-turbine cargo pumps, boilers, inert-gas and ballast systems; experience with thermal-oil boilers, shaft generators and controllable-pitch propellers.

THIRD ENGINEER

2007

DÜNYA SHIPPING (M/T GAN SURE)

- FRAMO and inert-gas operations; preparation and follow-up of tanker ISM and planned-maintenance systems.

CORE SKILLS

- Engine Department Management
- Team & Resource Leadership
- Planned Maintenance
- Fuel & Lubricating-Oil Management
- Spare-Parts Procurement
- Shipyards & New-Build Delivery
- Class / Flag Inspections
- Problem Solving & Communication

CERTIFICATES & TRAINING

- Mentor Development and Training Programme** — PRU ARISTTO, 21–25 September 2026 (certificate pending)
- Türkiye's Security Architecture in Our Century** — Foreign Policy Institute, 14 September 2026 (certificate pending)
- LSA & FFE Training** — Delmar Academy, 14 August 2026 · DA-BST-M02-1034
- Carbon Capture** — GEMİMO, June 2026
- VLSFO Standards** — İlkfer Group, June 2026
- YÖKDİL English** — May 2026
- OPRC Introduction** — IMO
- MARPOL Annex V** — IMO
- Governor & OMD Training** — GEMİMO / Tamay Corp.

EDUCATION

ISTANBUL TECHNICAL UNIVERSITY

Marine Engineering · 2002–2007 · YDO'06

İÇEL ANATOLIAN HIGH SCHOOL

1999–2001

LANGUAGES

- English
- Turkish
